

Planned Parenthood of Central Texas seeks
Board Certified Women's Health or Family Nurse Practitioner or PA
with prescriptive authority.

Full time position in health center offering female and male reproductive health services and contraceptive management. Works in collaboration with a physician and other clinicians to assess the gynecological and family planning needs of patients. Orders and interprets clinical tests. Prescribes birth control and medications for gynecological treatments.

Planned Parenthood has been providing reproductive healthcare in Waco for over 70 years and offers the following:

- ◆ ***Competitive salary and excellent benefits:***
 - ▶ 100% Employer-paid malpractice insurance
 - ▶ 100% Employer-paid health and dental insurance
 - ▶ 100% Employer-paid required CEUs
 - ▶ ***A match of up to 3% of salary in optional employee retirement fund***
- ◆ *Progressive/cutting edge patient care philosophy.*
- ◆ *Generous paid time off.*
- ◆ *Less stress than acute care.*
- ◆ *Tremendous opportunities for patient teaching and staff training.*
- ◆ *Located in friendly Waco (pop. 120,000) – no more rat race! Low cost of living!*
- ◆ *One and one-half hours from Austin and Dallas/Ft. Worth!*

Requires: minimum of Associate's Degree; Texas licensure as a WHNP, FNP, CNM, or PA with gyn experience; prescriptive authority; and certification in field of specialty. Must be familiar with advanced concepts, practices, and procedures within chosen field of expertise.
